1st Student Advisory Board Meeting: TBA (early January 2015)

About:
Representative Zoe Lofgren established the 19th Congressional Student Advisory Board to give high school students a voice in our government. Congresswoman Lofgren relies on District’s Student Advisory Board to keep her informed about ideas and opinions of her student constituent.

The Student Advisory Board is made up of high school students who live in or attend a school in the 19th Congressional District. The Board will be exploring, researching and creating a group report on a federal policy/topic of their choice. Topics may range from alternative energy, internet privacy, net neutrality, immigration reform, equal pay in the workforce or others. Following the report, students will present their findings in a debate presentation format, and conclude with a joint recommendation in regards to their topic to Congresswoman Zoe Lofgren, educators and local stakeholders.

Students will meet every other Wednesday beginning in January where congressional staff will help them draft, edit their reports and help them navigate the Congressional Research Service.
