We have asked Rob Schwartz of Premier College Guidance to provide a special presentation to our Santa Teresa HS families on the differences between the current SAT and ACT, along with the expected changes to the SAT, and how to effectively interpret your own testing strengths and weaknesses to determine the right testing path for you (or your child). In addition, Rob will discuss the bigger picture of college admission, how tests fit into the decision, and what other factors you need to be aware of as you move towards application season. Parents and students of 9th-11th grades are welcome to attend! - be sure to bring your PSAT results with you!
